

**University of Illinois at Urbana-Champaign  
School of Architecture**

**Assistant Professor Position  
in Preservation and Adaptive Reuse**

The School of Architecture in the College of Fine and Applied Arts seeks applications for a full-time, nine-month Assistant Professor tenure-track faculty position beginning August 16, 2008. With leadership from its Director and faculty, the School is forging new opportunities for its BSAS, M.Arch, MSAS and PhD programs. The School is internationally acclaimed for its strengths in design, structures, technology, and architectural history. The University of Illinois is a Research I institution located in a vibrant, growing community recognized as a major center for the arts and technology. It has outstanding resources and facilities for teaching, design, scholarship, and research, including its world-class library. School resources include state-of-the-art design studios, digital fabrication laboratories, the Building Research Council, and international architecture programs in Versailles, Rome, Munich and Shanghai. Two historic downtowns, Champaign and Urbana, provide nearby opportunities for civic engagement. The American Planning Association selected historic West Urbana as one of 10 Great Neighborhoods in America for 2007.

Faculty members are expected to teach in the undergraduate and graduate programs of the school. This will include interdisciplinary teaching and research with related units and doctoral supervision. Faculty members are also expected to continually develop recognition for excellence in design, scholarship, or research and to participate in the governance of the School, College, and University while appropriately serving the profession and the public.

The successful candidate will demonstrate leadership in historic preservation and a vision for developing a dynamic, nationally recognized program in sustaining the built environment.

**QUALIFICATIONS:** Applicants should have an M.Arch degree and a degree in Historic Preservation or its equivalent, and professional registration or PhD. The successful candidate will have a sustained record of professional experience and research in historic preservation, and will teach preservation studios and courses, participate in design studio reviews, and conduct research in such areas of expertise as preservation technology, materials conservation, historic rehabilitation, restoration, preservation planning, and the history of preservation.

**REQUIRED SUBMISSIONS:** The following hard copy submissions are required: 1) A letter of application that includes educational philosophy and personal expectations for growth through design, scholarship or research; 2) A complete curriculum vitae, including address, telephone number(s), and e-mail address; 3) A portfolio and dossier of professional and scholarly work; and 4) Names of three references with contact information including email, telephone number, and affiliation.

Salary and rank for this position will be highly competitive and will be commensurate with qualifications and experience. For more information about programs, please visit our website at: **HYPERLINK** "<http://www.arch.uiuc.edu>" <http://www.arch.uiuc.edu>

**To receive full consideration, applications must be received by February 1, 2008.  
Applications may be considered after the closing date.**
