

The Hamilton Family Center is a San Francisco-based organization focused on returning families to independent living and assisting families and individuals maintain their housing. We offer comprehensive support services, including case management, educational and recreational programs for children, aftercare services, housing referral, advocacy, and financial assistance. Through these services we enhance a family's prospect of securing permanent housing and achieving self-sufficiency.

As the numbers and needs of homeless families in our community have grown, Hamilton Family Center has grown to meet them. Hamilton Family Center is now the largest provider of shelter and services for homeless families in San Francisco . More than 250 people (60% of whom are children) sleep in the residential programs each night. We offer tutoring and recreational activities to hundreds of kids each year through our children's services. We help families find housing through our newly launched housing program, First Avenues. And, at our permanent supportive housing facility, we offer comprehensive on-site support services to help 125 residents maintain stable housing.
